

Title IX & Bias Response is now Institute Discrimination & Harassment Response

HERE ARE 5 REASONS to use the **IDHR** office:

1 You, as faculty, staff, or student, want to **report an incident** of discriminatory behavior (including sexual assault or sexual harassment) to MIT.

You're **looking for support** with workplace, housing, or academic accommodations.

2

3 You want IDHR staff to have an **educational conversation** with someone about their behavior and its effect on you.

You want to **understand your rights** and learn about other resources on campus that can help you.

4

5 You want IDHR Staff to **train your community** about issues of discrimination and harassment.

These aren't all the reasons!
